Infinite Recycling

♻ Local e-waste & IT recycling since 2025

What's free to recycle — and what has a small fee

We pick up old IT gear from businesses, schools, organisations and homes. Most devices are free to recycle. A few items carry a small recycling fee, confirmed before we pick up.

Free to recycle

No charge for these items

Laptops	Free
Chromebooks	Free
Tablets	Free
Cell phones	Free
Networking equipment	Free
Servers	Free
Desktops	Free
Mini PCs	Free
Cables	Free

Small recycling fee

Per item · confirmed before pickup

Monitors	$10 + GST
Docking stations	$2 + GST
Desk phones (landline / VoIP)	$2 + GST
Keyboards and mice	$2 + GST
Printers	$10–$150 + GST
TVs	$20–$50 + GST

These items take longer to process, can be harder to recycle, and often have less recoverable value or more plastic — that's why a small fee applies. Printer and TV fees depend on size. **Any cost is confirmed before we pick up.**

Got other equipment that isn't listed? Just ask — call **020 4178 9006** or fill in our **easy pick-up form**. Depending on location and load size, a travel fee may apply — just ask.

Secure data wiping you can trust

Every data-bearing device is wiped, and you choose the level of security. Certified data erasure is available when you need proof your data is gone.

Ready to clear out old gear?

Book online and we'll take care of the rest.
